

EDITORIAL:

During the past ten years that we have been involved in the music business we have constantly found ourselves wasting time and effort looking for the information summarized in this booklet.

Finally we have decided to do something about it . . . so here it is and we must admit the response has been fantastic! I'm sure you will find that no matter what area of the music business you're in, there'll be something of importance included in this service for you.

Sincerely,

Leonard Kalikow
Editor & Publisher
